EMERGENCY CALL 911

Summer is approaching. PLEASE make sure you are hydrating by drinking water. Last month we had Encompass Health come in and they went over the importance of hydrating and signs of dehydration. Did you know we should be drinking at least 8 glasses of water a day?

The next health topic will be "Dining as we age". Hope to see you all there!

Do I hear wedding bells? June 8th for the monthly meeting with Honey Bees the speaker is asking for those who have their wedding pictures to please bring it in.

June 30th we will have the chance to explore Boca Raton through a driving tour. Space is limited please speak to Merline if you are interested. There will also be a signup sheet in the activity room.

There is a new prayer ministry at Advent Church. Please join The Healing Team in the Advent's Sanctuary every Thursday at 5:00pm. They will pray for your confidential needs. Tell a friend to tell a friend!

Please make sure to welcome our new resident Rita Kennedy.

HAPPY FATHERS DAY!
